

EAGLE SAFARI WITH RIB BOAT

Eagle and fjord safari with RIB boat

Arriving in Ringstad our experienced guide and photographer will guide you through what you need to know about the eagle and how to get the best picture of the spectacular bird before he takes you on a RIB (rigid inflatable boat) trip to the nearby archipelago and fjords. You will have the opportunity to experience the winter wildlife in the fjords. These islands are the home of the majestic white-tailed eagle. Be prepared to get very close to these giants when they approach the boat in search for a bite of fish. Back in the beautiful harbor of Ringstad you get served a hot fish soup in "Huset på Yttersiden".

This Tour is running every day on request from 1st of October until 31st of April, with a minimum of 4 paying guests. The trip takes approximately 2 hours, starting in Ringstad in Bø in Vesterålen. Pick up service on request.
